# A715D6841-L

## River Snow

Reference edition 2026-09-18 | Catalogue details and ordering checklist

River Snow (A715D6841-L) is a 750 × 1500 mm ceramic tile in Kunlun White. The catalogue lists bedrooms, studies and floors; the finish and installation requirements need confirmation for your project.

| | |
|---|---|
| Collection | Kunlun White |
| Nominal format | 750 × 1500 mm |
| Nominal face area | 1.125 m² per tile |
| Listed applications | Bedrooms, Studies, Floors |

Face area is calculated from nominal dimensions. It excludes joints, cuts and waste and is not a carton quantity.

Wet areas, exterior exposure and commercial floors require separate checks for this model. These uses are not covered by the catalogue’s room labels.

### Technical specification: confirm for your order

Thickness and dimensional tolerances; Body classification and water absorption; Exact finish and relevant wear or slip test results; Test method, specimen identification and report date.

### Packaging and delivery: confirm for your order

Pieces and square metres per carton; Net and gross carton weight; Cartons and weight per pallet; Packing arrangement and loading limits for the shipment.

### Source and scope

Current English product page

This reference is not a test report or a certificate. Thickness, performance results and packing quantities must be confirmed for the exact model, finish and shipment. Include the model code, intended use, quantity and destination in your enquiry.
