A918H1801

Coral Sea

Reference edition 2026-09-18 | Catalogue details and ordering checklist

Coral Sea (A918H1801) is a blue 900 × 1800 mm ceramic design in Jade Landscape. Living rooms, bedrooms and hotel lobbies are listed in the catalogue. Review the pattern at full-tile scale when planning the layout.

Collection	Jade Landscape
Nominal format	900 × 1800 mm
Nominal face area	1.62 m² per tile
Listed applications	Living rooms, Bedrooms, Hotel lobbies

Face area is calculated from nominal dimensions. It excludes joints, cuts and waste and is not a carton quantity.

For a hotel lobby, confirm the required traffic and slip-resistance performance against the exact finish. The room listing alone does not establish those ratings.

Technical specification: confirm for your order

Thickness and dimensional tolerances; Body classification and water absorption; Exact finish and relevant wear or slip test results; Test method, specimen identification and report date.

Packaging and delivery: confirm for your order

Pieces and square metres per carton; Net and gross carton weight; Cartons and weight per pallet; Packing arrangement and loading limits for the shipment.
